## PURCHASING CYCLE

1. So what exactly is a purchasing cycle? It is the optimum calendar cycle to purchase advertising and brand promotions services. For example if your product launch requires a full page print advertising and banner ads and mailers covering a period of 12 months we advise you to decide on your media campaign and contract all the print advertising and digital advertising for the cycle Jan to December. And follow the annual calendar cycle. However, it goes without saying that any advertiser can determine their own purchasing cycle from any month for a twelve month period. Imprint keeps all contract pricing applicable even if the contract period stretches over two or three years.
